PRESS RELEASE

Financial Assistance Needed For September Web Conference

Video marketing budget for 2009-2010 fiscal year already utilized.

Nokomis, IL, April 30, 2009: WorldWide Publications & Media needs financial assistance to cover expenses of the web conference being held this September. After painstaking hours and days of planning with our technical crew, accounting department and corporate board of directors, it has been agreed that we ask for help from every individual, blogger, small business and corporation that can relate to a business relationship with a small business and its vision to change the way technology is utilized.

We have exceeded our Internet video marketing budget of \$3,500 for the 2009-2010 fiscal year (excluding Mogulus, Facebook Video, MySpace Video, YouTube and uStream.tv), so we really need help from you to make this first live event a success!

Attached to this press release is a list of donation levels we will look upon and will award the donor with a plaque noting their giving. However, these plaques may not be ready until the latter part of the fiscal year.

We wish to accrue about \$185,000 to cover expenses for this event, so even the smallest donation will help!
